Israel after October 07, 2023

How has the country changed ?

Lecture with film and discussion
with the israelian filmmaker and cameraman

Michael Shubitz

Michael Shubitz grew up in Israel and, as a cameraman for ARD, covered German-Israeli relations from the perspective of the German media for 30 years. Using film excerpts, he demonstrates the changes and developments on site in Israel after October 7, 2023.

As the son of Shoah survivors, he has researched his own moving life story over the decades.
